By Paul Rardin

I hope you had as nice a Christmas as I did. I don't know of a finer wish for my friends. And for a New Year's wish, I hope that 1947 treats you as good as 1946 treated me.

## Banquet Is Held For Blue Devils

The annual football banquet for Coach Clyde Alley's Blue Devil squad was held under the auspices of the Pahokee School in the Baptist Fellowship Hall on Thursday night of last week with Paul Rardin acting as master of ceremonies.

Awards of sweaters with letters were made to members of the team who played 20 or more quarters out of a possible 40 during the 1946 season. White sweaters with blue letters were received by the following players who graduate in the spring or will be unable to play next year because of age: Guard J. E. Spooner, End James Latham, End Harry Fremd, Halfback Rodney Connell, Center William Weathers, Quarterback Wilbur Geiger, Fullback Thomas Dickson, Tackle Milton Salvatore and Back Otis Boland. Blue sweaters with white letters were received by the following undergraduate players: Guard John Ogle, Guard Bobby Baker, Tackle James Sims, Back Floyd Peacock, Center Fred Daniels, End James Scott, Halfback Frank Gillis and Tackle Lee Wroten.

A review of the history of football at Pahokee High School since the organization of the first team in 1930 was given by Mr. Rardin and the excellent record made by the 1946 Blue Devil team was summarized by Assistant Coach Lowell Garrison.

Proceeding the dinner the guests sang Christmas carols with Rev. C. A. Moberg at the piano. Uncle Tom Campbell, unofficial Blue Devil counselor, who was celebrating his birthday anniversary, was given special recognition and presented with a gift.

Banquet arrangements were under the direction of Miss Constance Smith and Mrs. G. C. McLarty. The dinner was served by girls of the high school home economics class to approximately 70 guests.

Miss Frances Howell is spending the holidays with her mother, Mrs. W. A. Howell, in Pahokee.

## 1947—A Year for Pulling Together

### Lease Expires On P. O. In Pahokee

The lease on the present quarters occupied by the Pahokee Post Office expires Sept. 30, 1947, and an advertisement for proposals to lease new Post Office quarters has been posted.

The Department is asking for proposals to lease quarters with a floor space of from 1800 to 2000 feet for periods of either five or ten years, with or without utilities furnished.

Proposals should be submitted on or before January 25, 1947, and should be addressed to Mr. M. R. Morgan, Post Office Inspector, Jacksonville 1, Fla. Further details regarding type of building wanted, location, etc. may also be obtained by writing to Inspector Morgan.

It is possible that some people will be reluctant to offer to lease new quarters for the Post Office due to the fact that a new Federal building has been approved for Pahokee, however current Government economy policy, and

the shortage and high cost of building material make it extremely unlikely that such a building will actually be built in the very near future, and the Post Office Department is willing to lease suitable quarters for as long as a ten year term.

### Private License To Flying Students

Bill Golden of the Glades Aviation company in Pahokee announces that three of his students have been granted private flying license. They are: Howard Holman, Albert Cowart and Thomas Baldwin. A group of students made their first solo flights last week. They are: M. M. Pride, H. C. Cunningham, John Lacey, Wallace Barnes, I. J. Frasure, Jack Rashley R. S. Blair R. W. Wallace, Bob Hughes, Lester Clark and Hugh Frasure.

Mr. and Mrs. Don Hillier have as holiday guests their daughters, Miss Donna Hillier, student at Montverde School, and Miss Thelma Hillier, who is studying art in Miami.

### Mackey Buys Fred V. Hickerson Packing House In Canal Point

Announcement was made yesterday to the effect that Robert Mackey of Pahokee has purchased the Fred Hickerson Packing house in Canal Point from Mr. Hickerson. The sale price was not made public.

Mr. Hickerson plans to do a little farming but he is of the opinion that he has been in the packing house business long enough. He has operated the packing house successfully for many years and has a wide circle of friends who will regret to learn that he is retiring from that business.

Mr. Mackey is well and favorably known over the entire Lake Region and has a host of friends who will be happy to know that he is to operate a house of his own in the future. For the past few years he has been operating at the state market. Mr. Mackey said that he expects to handle produce for the small farmers and will do his dead level best to get for them the very best prices.

## Last Rites Held For Jack Barrett

Funeral services were held Sunday afternoon at the Mizelle-Simon chapel in West Palm Beach for J. W. (Jack) Barrett who died at the home of his sister-in-law, Mrs. Ed Forbes in West Palm Beach on Friday. Mr. Barrett had been ill for many months but his condition became serious about three months ago.

The funeral was held at Mizelle-Simon chapel in West Palm Beach with the Christian Science Church in charge. Burial was made in Memorial Park cemetery with the Masonic lodge in charge of the obsequies.

Mr. Barrett was 57 years old at the time of his death and had lived in the Lake Region since 1919 when he came here from Miami. He married Miss Edna Thomas on April 10, 1920. On May 7, 1927 he and J. V. Thomas formed the Thomas and Barrett company and became distributors for Gulf Oil Products. This partnership was still operating at the time of Mr. Barrett's death.

Mr. Barrett was a charter member of the Pahokee Masonic lodge and served three times as its worshipful master. He was chosen five times to serve as worthy patron of the Order of Eastern Star. He was a charter member of the Pahokee Rotary club and at all times was an ardent supporter of athletics in the Pahokee high school. Back in the early twenties when Conner's highway was under construction, he was the first man hired locally and the last one to resign when the construction job was finished.

He was a member of the Pahokee Post of the American Legion, a member of Lake Worth Cemetery and a Shriner.

### B. Elliott Speaks To Pahokee Rotarians

State Representative B. Elliott was guest speaker at the weekly meeting of the Pahokee Rotary club yesterday. Mr. Elliott discussed proposed legislation before the Rotes. In his speech the local lawmaker pointed out several proposed acts which may or may not be enacted into law at the forthcoming session of the legislature.

Visitors were Slick Kirchman, Buzz Granger and Little Doc VanLandingham of Belle Glade, S. R. Rainsford and Rev. Howell of Okeechobee.

Mr. and Mrs. Jack Phillips have as holiday guests his mother, Mrs. J. C. Phillips, Wauchula, and his brother, G. M. Phillips, Naples.

## Warning To Farmers

The U. S. agriculture department's bureau of agricultural economics has hoisted a storm warning which American farmers cannot afford to ignore. This is no time to buy farm land, says the bureau, and it goes on to tell why not, in statistics of dire implication.

Farm land values went up another 14 per cent during the year ending last Nov. 1, and they are now only 11 per cent below the 1920 peak. In 15 states they have more than doubled since the 1935-39 period, and in 11 others they have reached a point 75 per cent above what they were less than 10 years ago.

This means, as Secretary of Agriculture Anderson points out, that unless the brakes are fast applied to credit buying farmers are in for another land crash such as struck them in 1920-21. This time the low may be even more severe, for more people have gone into debt to purchase farms in each of the last four years than in any other year since 1920. Farm mortgages went up an additional \$80 million in the first six months of 1946, with the result that the total indebtedness of American farms now stands at \$5 billion.

Farmers now enjoying good incomes would do well to follow Secretary Anderson's advice by putting a little away for the rainy day when crop prices will come down—and the value of the additional land they covet will slide proportionately—and by using excess money to retire debts and replace worn-out equipment.—Fort Myers News Press.

## Too Soft For Jets

An aviation engineer has suggested that jet-propelled commercial transports are not ready for the public largely because the public is not ready for jet-propelled flying.

"Right now," the engineer says, "nobody knows if you can fly a passenger at 500 miles an hour. Military pilots, flying jet-propelled aircraft, have found that flying at 500 miles an hour in rough air beats up the inside of your stomach."

Perhaps the real difficulty lies in the fact that jet propulsion has come along too late in our evolutionary period of training for its rigors. If it had emerged at the end of our stern apprenticeship in buckboard wagons and Model T's on corduroy roads, we probably could have taken rough aerial speed in our stride. It's the cushioning spring and the smooth highway that have complicated matters.—Fort Myers News Press.

Cpl. and Mrs. J. W. Wood, Lake Worth, spent Christmas day with his parents, Mr. and Mrs. B. W. Wood, in Pahokee.

Mr. and Mrs. Alvin Armstrong, Miami, are visiting his parents, Mr. and Mrs. L. W. Armstrong, and other relatives in Pahokee this week.

Mrs. H. M. McIntosh and children, Kenny and Annette, left Thursday for a visit with her mother, Mrs. Mathis, in Panama City.

Mrs. R. L. Constable of St. Petersburg arrived Thursday for a visit with her brother-in-law and sister, Mr. and Mrs. H. J. Clause in Pahokee.

## looking at 1947

There is a saying, or perhaps it is a song, which goes something like this: "We've come a long ways together."

That's the way we like to think about this community. Certainly the farmers, bankers, professional men, merchants, and this newspaper—with its subscribers and advertisers have come a long ways together. And we're going on—together—to a greater year in 1947 than we've ever known before.

It may be a good thing, as some maintain, to stop and take stock at the end of a year, to review, to analyze, and to resolve greater accomplishments in the New Year. But it's never good to look back too long or too hard. Rather it is well to remember only the best, forget the worst, and look confidently ahead.

We renew our pledge to you of service and cooperation. We reaffirm our faith and confidence in the community. We continue our warmth of feeling for all our friends and patrons.

And we wish each one of you, and all of you,

**A HAPPY NEW YEAR**

## TOO LATE TO CLASSIFY

(By Russell Kay)

My good friend Senator Matthews of Jacksonville replies to my recent column with a lengthy statement of his position which he asks that I release, but says he "knows I won't."—You're wrong again, Senator. I am glad to, although in order to meet space requirements I'll have to edit your manuscript a bit, but I will earnestly try to include the meat of it and leave it to your judgement whether I have been fair in the handling.

The Senator says: "Your column commenting on my suggestion that the primaries be divorced from state control and state financing, offers three objections which I shall endeavor to answer for I feel that an open, frank discussion of public questions is important and that if the public as honestly given conflicting opinions they will arrive at the truth and do the right thing."

"It is natural for those willing for the Negroes, led, controlled and directed by outside agitators, to have a hand in choosing the candidates for whom they will vote in the general elections, to find fault with the effort to abolish the laws which give the Negroes that privilege. It would seem logical that anyone who objects to the plan for retaining white primaries, would offer a better plan. For my part, I am opposed to the Negroes determining, either by a majority or by balance of power, who my general election candidates will be."

"It is easy to say that Negroes will not take part in state-controlled primary elections. They did so, and voted as a unit and as directed, in the first primary in which they had the opportunity, and held the balance of power in some races decided in these primaries. I have no doubt that they will continue to do so if the laws remain as they are, and in increasing numbers."

"You state my plan would place party control in the hands of professional politicians beyond the reach of the people. This has not been the history of voluntary associations such as Kiwanis, Rotary and Exchange clubs. Their policies are made and controlled by the rank and file of the membership. A political party is no different. Divorced from the state the party would simply be an association declaring certain principles or a platform that could only be adopted by approval of members or their representatives."

"Your second objection is that it would mean that the cost of holding primary elections would have to be met by a disguised tax, or by contributions. In South Carolina, the Democratic Party has no trouble financing primaries. Georgia and Texas have for many years. I see no reason why Florida cannot do so. You overlook the fact that even under state control candidates are assessed 5 percent of one year's salary which is used in part to defray election expense. If divorced from the state the entire assessment would go to the party for defraying election expense."

"With further reference to question two you suggest that individual financing might lead to individual control of elections. For as long as I can remember both Republican and Democratic parties have raised funds by contribution and it has never been looked upon as contrary to public policy or reprehensible. By what ever means the money is raised I do not feel the price too high in order to prevent outside agitators, Communists, CIO-PAC and others from infiltrating into the party and destroying it."

"Your third objection is, it would remove all governmental sanctions against fraud and dishonesty."

"Fraud and dishonesty have always been reprehensible in the minds of decent people. The doors of the courts are open to prevent fraud or dishonesty whether condemned by statutory laws or not. My proposal would include the most stringent laws against fraud and dishonesty in conducting the affairs or elections in any voluntary association whether Negro, Communist, Republican or Democratic."

"Considering the fact that churches, clubs and fraternal organizations conduct their affairs without fraud and dishonesty, it seems strange to assume that the Democratic Party could not do so. It we are so low in mortality that we cannot conduct our affairs without fraud and dishonesty, we do not deserve to exist as a party. It is absurd to think that the passing of new laws or the retention of present laws can prevent that. Dishonest men in politics, in business or any other walk of life will continue to be dishonest regardless of statutory enactments. Laws do not stop murder but they curb it."

"The objections you make to the plan are easy to make but are not justified by the facts, by history or the inherent honesty of the white people of Florida. The real questions are: Shall we permit these outside agitators to come into our midst, appeal to

our Negroes on racial prejudice, to register as Democrats, and vote as Democrats when they are not Democrats. Such practice will bring about the destruction of the Party. So far as I am concerned no price is too great to pay to preserve our birthright, and the ideals, principles and traditions we learned around our mother's knee."—O. K. John. I do not—I may not agree with what you say but I defend your right to say it.

## Young Cuban Artist Will Give Concert

TAMPA—One of Florida's most promising young artists, Miss Adela Hernandez, Tampa concert pianist, will face her severest test on February 27 when she will play a concert at Washington sponsored by the Cuban Embassy.

Miss Hernandez, who made her debut in Tampa nearly two years ago, won the acclaim of Cuban music critics in a recent Havana concert sponsored by the Lycum Lawn and Tennis Club, foremost music association in the capital of the Island Republic.

It was after this appearance that Cuban Ambassador Dr. Guillermo Belt invited her to present the Washington concert which he will sponsor.

Miss Hernandez, who will wed Cesar Gonzmart, accomplished violinist, on December 27, plans to return to Cuba after the Washington concert to play a recital and to appear with the Havana Philharmonic Symphony Orchestra in March as soloist. In her professional debut in Tampa nearly two years ago she demonstrated an ability to play with rare technical skill and mature emotional expression. She studied under the

Iturbis at the Julliard School of Music.

Mr. and Mrs. J. H. Wilkinson, Sr., and family spent Sunday in

Umatilla where they gave a Christmas party for their granddaughter, Charleen Adams, who is a polio patient at the Elks hospital for crippled children.

The tribute to Lake County will take place at a public dinner at the recreation center. Among the speakers will be United States Senator Claude Pepper and Spessard L. ### Watson Approves Two Bonds For State Job

**TALLAHASSEE** — Attorney General Watson last week approved the surety bonds of both Clarence M. Gay and State Senator Edwin G. Fraser, who both claim the State comptrollership.

Earlier this month, Watson declined to approve Gay's bond until the Supreme Court had declared him entitled to the office. He said then he would not approve Fraser's bond either under similar circumstances but indicated he would consider approving the sureties if Gay and Fraser wanted his signature as a precedent to court action.

Governor Caldwell has appointed Gay to fill the unexpired term of the late J. M. Lee. However, Fraser claims the office by right of election. The Governor holds the Senator is ineligible for the position because he is a member of the legislature which raised the Comptroller's salary.

## Cinematic Chatter

By Malcolm Millar

Remember the star of "The Spiral Staircase", also "The enchanted Cottage", and what a wonderful performance she gave us in those pictures? That star was Dorothy McGuire, and she is to be on the screen of the Prince Theatre this Sunday-Monday, with her leading man Guy Madison, in a new and marvelous story "Till The End Of Time."

Assisting this clever pair in the unrolling of this story as such well known featured players as Robert Mitchum, Bill Williams, Tom Tully, William Gargan, Jean Porter and Johnny Sands.

The story gives Miss McGuire ample opportunity to display her talents in dramatics and in romance, and with the able assistance of the players above mentioned you can expect to see one of the most entertaining pictures this star has presented in some time.

Tuesday-Wednesday "The Walls Came Tumbling Down" moves in with Lee Bowman and Marguerite Chapman as the stars and Edgar Buchanan, George McCready, Lee Patrick and many other well chosen players assisting.

This is a baffling murder mystery, which has to do with the search for two Bibles, beneath the covers of which lies the key to a treasure many are searching for. Don't you miss this delightful mystery.

There is a double feature for the screening of Thursday-Friday. The first one up stars our own Frances Langford, whose home was Lakeland, Florida, but now is at Hobe Sound, where she and her husband, Movie star Jon Hall, have a beautiful home. Her picture is "Bamboo Blonde."

Seems that this name is one that the crew of a bomber coined and which they named their ship to honor their skipper, who had but recently met Miss Langford and has fallen in love with her.

Their are many thrilling adventures that his crew go through before the end of the picture. Then . . . too, there is the usual misunderstanding between lovers, which is unraveled in the end and all finishes well. Oh yes, of course Miss Langford renders some of her charming song numbers in her equally soothing contralto voice.

Second picture up has an all star cast with Charles Russell and Henry Morgan telling the tale of three bomber pilots who, recently discharged from the service, form an association and promote a freight line with one plane. Of course they have a trying time of it, many narrow escapes, high altitude adventure before they finally get the line on a paying basis and all ends well.

Saturday brings a double featured program with Gilbert Roland, Martin Garralaga and many others in "Gay Cavalier" as the first picture up. This one is said to be loaded with action, so, I expect we will all have a good time on that day.

Second picture up involves the "Bumsteads" in a story entitled "Life with Blondie." Well, we can imagine that life with Blonde would be a little rugged, but this time it is a little more thrilling, because "Daisy" the Bumstead dog gets them messed up in an affair with gangsters. Of course Blondie, Dagwood and Larry do manage to rescue Daisy from her kidnappers and round up the band in the end of the picture. If you really want to laugh, see "Life with Blondie" Saturday.

See you at the movies—Mal.

## Tampa And Havana Have New Air Line

TAMPA—Mayor Hixon and a delegation of Tampanians returned last week from Havana after dedicating a new air link between the two cities. National Airlines inaugurated the new service Sunday, December 15, putting Tampa within an hour and 35 minutes of the Cuban capital.

Making Drew Field an international airport, this new flight provides direct New York-Tampa-Havana plane service for the first time. Until 15 years ago Tampa and Havana were closely linked by community interests and business, but in recent years much of this contact was lost. With National's new service, a small start has been made by Tampa to regain a social and commercial interchange with Cuba's capital.

Havana's Rancho Boyeros air-

port also was crowded with planes of Pan American World Airways, Chicago and Southern Air Lines, several Cuban air lines, TACA and others. In addition, it was announced in Havana that the P. & O. Line would resume post-war travel between Miami and Havana with the Steamship Florida early next month.

## Perfects New Lure With U. of Fla. Help

PERRY—Working on a fish lure probably does not have the glamour and certainly lacks the urgent importance that creating a proximity fuse has, but the Engineering and Industrial Experiment Station of the University of Florida is today doing the little jobs with the same proficiency it recently did the big jobs for Uncle Sam.

The Taylor County Chamber of Commerce recently forwarded to Dean Joseph Weil a sample fish lure which a local member plans to produce commercially—the problem being to fasten hooks securely to leather.

Within three weeks the researchers had returned the lure with the problem solved.
